HERE IS OUR FIRST WINNER OF 2015 Mark Mayman

His wife nominated him to make their home life easier as Mark suffers from Muscular Dystrophy.

Mark said:

"I am absolutely delighted with my new stairlift. A huge thank you to my wife for nominating my case and to A1 Stairlifts for supporting those that have a real need for a stairlift and perhaps, for one reason or another, haven't been able to have one installed. I have health issues and struggled to get up and down the stairs. Now life at home is so much easier."

As a thank you, Mark's wife made this delicious cake for the team - needless to say, it didn't last long.
